

TO WHOM THIS MAY CONCERN

05th June 2017

To whom it may concern,

This is to confirm that SWARAJ SECUTECH PVT. LTD. Dual Rising Bollards, reference S4, were impact tested at HORIBA MIRA Ltd on 2nd June 2017 under Test number T0018.

The impact test was carried out in accordance with **IWA14-1: 2013 Impact test Specification** for Vehicle Security Barriers with the impact vehicle centreline aligned to the middle of the gap between the two bollards. The test items were given a performance classification of:

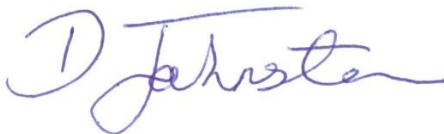

IWA 14-1:2013 Bollards (gap) V/7200[N2A]/48/90:0.1.

The Vehicle Penetration was 0.1 metres. The rising bollards were operational post-test.

For more details, including the classification of the product, please refer to HORIBA MIRA test report No: 1212764-001-01.

Yours Sincerely,

For and on Behalf of HORIBA MIRA LTD

A handwritten signature in blue ink, appearing to read "D Johnstone".
