

P TYPE SWING GATE

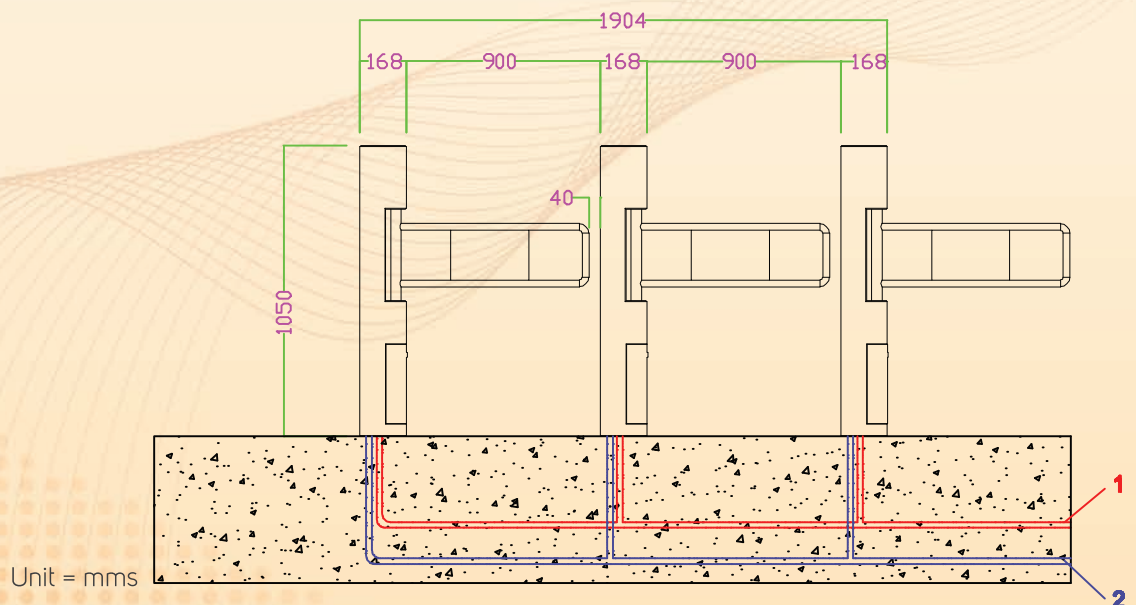

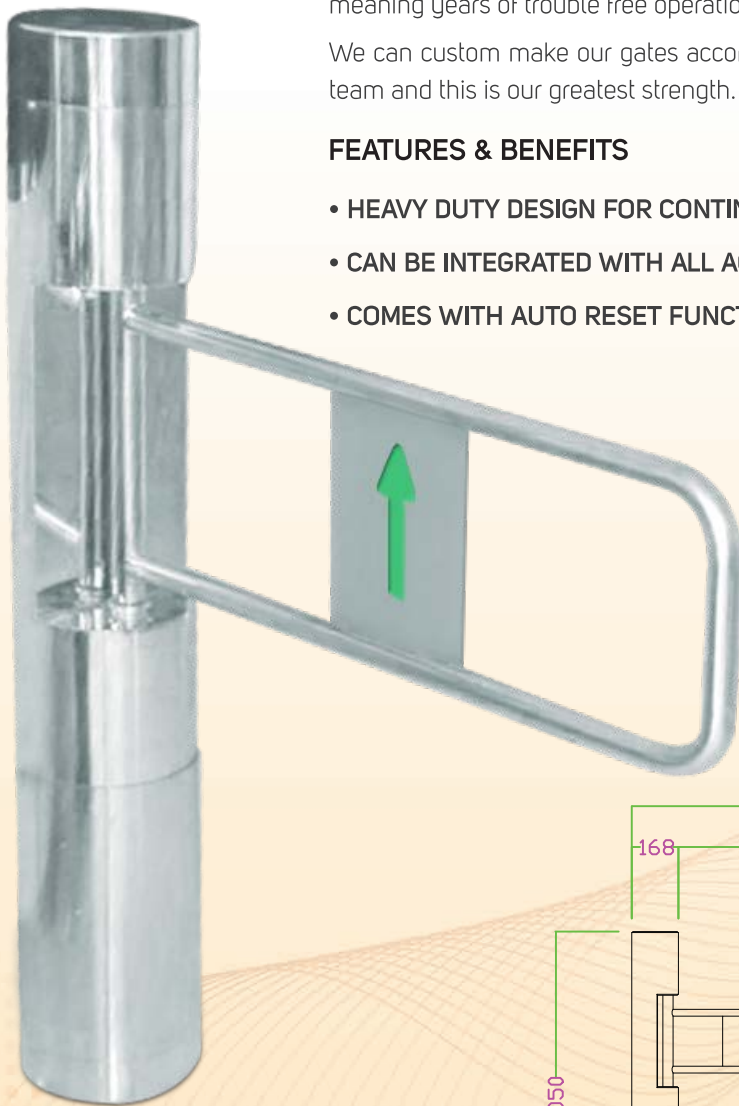

SWJ – PB are custom made P type barriers and is a perfect solution that mandates alarm against unauthorized entry. It's compact design offers sufficient space to integrate any access control system. They can be mounted with display, passage counter, card reader, token operation, traffic lights, command console and can be interfaced with a PC through a RS232 (RS485, TCP-IP) line.

The unique swing arm feature provides a fail-safe safety solution in case of an emergency or power failure, providing free egress during evacuations. We offer durability with minimal maintenance meaning years of trouble free operation.

We can custom make our gates according to your aesthetics with the help of our in house design team and this is our greatest strength.

FEATURES & BENEFITS

- HEAVY DUTY DESIGN FOR CONTINUOUS APPLICATION
- CAN BE INTEGRATED WITH ALL ACCESS CONTROL SYSTEM
- COMES WITH AUTO RESET FUNCTION

SPECIFICATIONS

Passage Width	≤ 900mm
Mechanism	Heavy duty design for 24 hour continuous application Heavy duty pull type Indoor and outdoor application Quiet operation
Throughput Rate	40 pers/m
Power Supply	220-240 V (AC)
Operational Voltage	24 V (DC)
Frequency	50-60 Hz
Protection Level	IP 66
Working Temperature	-25 to +70 Deg. Celsius
Electro Magnetic Device	DC
Dimension Including Bars	168 * 1050mm
Net Weight Including Bars	60 kg
Housing	Stainless Steel AISI 304 or AISI 316 or Mild Steel as per requirement
Barrier Swings	Plastic Plate, Toughened Glass, Stainless Steel Frame
LED (Optional)	Yes
Integration	All access control system can be integrated with our barriers
In Case of Power Failure	Fail-safe safety solution, provides egress in case of crisis evaluation
Functioning	Double anti-clipping function, photocell anti-clipping and mechanical anti-clipping
Auto Reset Function	If no passage during identified card-reading time, the system will reset automatically and the passage is prohibited
Delay in Closing	The barrier can be set to delay closing in 1-60s after a valid card reading
Operating Modes	<ul style="list-style-type: none"> • Single passage in the set direction • B- directional single passage • Free passage in the set direction • Always free or locked
